

Home Learning Tasks

Week Beginning: Monday 15th June

Good Morning Cherry Class!

Here are your **weekly** learning activities. I will contact you every day to update you on new activities or to remind you of what you could be doing.

Remember you can email me your work: cherry@suttongreenpri.cheshire.sch.uk

Reading	Work through your reading activity booklets – one comprehension per day. Read books on Oxford Reading Buddy and complete quizzes.
Maths	Complete the daily lessons provided by White Rose for Home Learning. Make sure that you complete the lessons in order, so you don't miss out any important skills needed for the next lesson. https://whiterosemaths.com/homelearning/year-4/
Topic	<p>SPACE! This week I would like you to design your own space rocket. Bonus points if you can make it launch - https://www.scientificamerican.com/article/bring-science-home-homemade-rockets/</p> <p>You will need vinegar and baking soda/ sodium bicarbonate. You will definitely need to do this with an adult.</p> 
Writing	Can you write a non-chronological report about space? Subheadings could be: Rocky planets, Gas giants and Ice giants. Perhaps you could include a did you know fact about the Sun?
Optional Challenge	Design your own planet! Draw the planet, its inhabitants, landscape, and atmosphere. I would love to see them.

Daily Updates: This section will be added to daily before 9am.

Monday	<p>Welcome to week 10 of home learning! Did you receive a meet the teacher from Mrs Johnson? I'm sure she would appreciate an email from you, even better if you can include your own meet the pupil! Her email address is sycamore@suttongreenpri.cheshire.sch.uk</p> <p>Maths lesson – Writing decimals (you'll all be decimal pros soon!)
